METER COST BY SIZE

3/4".....	\$2,500.00
2".....	\$6,500.00
3".....	\$9,000.00

1. All 3/4" water meters will be \$2,500.00.
2. All 2" water meters will be \$6,500.00, plus the cost of boring under the road when necessary. This meter will have a back-flow device as required by the water department and installed directly behind it by the customer.
3. 3" water meters will be \$9,000.00. 4" water meters will be \$12,000.00
The customer will make the wet tap, under the water department's approval of material, approval of method and inspection. The customer will provide and install all materials, including a back-flow preventer as required by the water department.
4. All 6" water meters will be \$16,500.00. Item #2 & #3 rules apply for this meter.
5. All 8" water meters will be \$21,000.00. Item #2 & #3 rules apply for this meter.
6. All sewer taps will be priced according to the water meter size:

3/4" water meter – sewer tap	\$2,500.00
2" water meter - sewer tap	\$6,500.00
3" water meter – sewer tap	\$9,000.00
4" water meter - sewer tap	\$12,000.00

7. All 6" sewer taps will be \$16,500.00
8. All 8" sewer taps will be \$21,000.00

All taps will be inspected by the county water department.

9. All 6" and 8" stand-by fire lines or sprinkler connections will be \$1,000.00. The customer will provide and install all materials, including the back-flow device deemed necessary by the water department. The customer will make the wet tap, under the water department's approval of materials, approval of method and inspection.
